SPRING AND SUMMER MEDICINE IN THE WORLD.

FOREST WINE!!! patronized by the nobility and Modical faculty of England, and esteomed the most extraordinary medicine in the world.

Medicines containing moisses or liquorice, like the Medicines containing moissies or liquoriee, like the boasted Satsaparillas, require many large bottles to produce the slightest change in health. The Forest Wine is altogether a different article. It contains no syrups to give it consistency, but acquires its excellent flavor, and powerful medicinal properties from the vegetable plants of which it is composed. The Forest Wine combines the virtues of the Wild Charge, Dandelion Valley, Dank and

Wild Cherry, Dandelion, Yellow Dock, and Pencil Drawing.

Good boarding can be had in private families, at very reasonable rates.

The Board of Trustees beginner to assure the publishing concentration renders it one of the most with other valuable plants whose properties are still more effective.

Testimony of Mr. Nathan Matthens, a highly respectable and wealthy citizen of Newark, N. J.

Dr. G. W. Halsen:—I betteve your Forest Wine and Pills, have been the means of saving my life.—e
When I commenced taking them I laid at the point of death, with Droppy, Piles, and Ashma. My physicians had given me over as past cure, and my family had lost all hopes of my recore; While in this dreadnt situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine and box of Pills, I experienced great relief; my bedy and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive and after continuing the use of your meditues for about a hooth, the Piles and Ashma were co-'telly cured. The Dropsy, with which my life was placed in such great danger, was miso nearly gone. I have continued the use of your medicines nntil the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age.

Yours, respectfully.

Great Cure of Liver Complaint of ten years Standing.

New Fork, Jan. 3ch, 1848.

Dr. Halsky, Deer Sir.—Having taken year Forest Wine and Pills to remove a disease of the Liver, from which I have audiered severely for upwards of ten years; and having adhered closely to the directions which accompany the medicines. I have recovered my health notwikistanding all who knew me thought inty ease incurable. Previous to taking the Wine and Pills, I had recourse to the best mothod treatment, but continued to grow worse to an alarming degree. Some of my friends apoke despairingly of my case, and tried to persuade me from making fise of any advertised remedies; and, I doubt not, but what there are hundreds who are dissuaded from taking your excellent medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men in flaming advertisements. But what a pity it is, that the deception used by others, should be the means of dissuading many laboring under disease, from making trial and being cured by your excellent remedies. Humanty speaking they have saved my life; when I commenced making use of them. I was in a wretched condition, but began to experience their good effects in less than three days; and in six weeks from the time I purghased the madicines, to that great surryrise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having its ken one box of the Pills, and two bottles of the Wine. Would to God that every poor sufferer would avails himself of the same remedles.
